

## Accessing the Learning Home Dashboard

1. After logging in to Epic, your default workspace will open. Click the  icon in the upper left hand corner to open the Dashboards workspace if this is not open by default.
2. Your default dashboard will open. Click the  icon to see other open dashboards.
3. Select the Learning Home Dashboard from the drop down list. This will switch your dashboard to the Learning Home Dashboard. You can set this dashboard to appear by default.
